1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with the provisions of 24 CFR 578.7.

The Collaborative Applicant serves as the fiduciary and employer of record for the staff of the local Continuum of Care body, the Grand Rapids Area Coalition to End Homelessness. Staff of the Coalition are responsible for carrying out the CoC Planning in the following ways:

- 1) Staff coordinate and convene meetings of stakeholders to ensure implementation and quality improvement in the coordinated assessment (central intake), outreach and referral process, including the targeting and prioritization of resources.
- 2) Convene meetings to engage shelter, housing and services providers in improving services and outcomes.
- 3) Engage the larger community on homelessness prevention through the county sub-committees on transportation, employment, food and nutrition, and utility/energy efficiency and affordable housing meetings.
- 4) Ensuring the Point in Time count is conducted according to HUD standards and guidelines.
- 5) Conducting gaps analysis to follow up the progress made on a Financial Modeling plan each year.
- 6) Working with local jurisdictions on their Consolidated Plan(s).
- 7) Coordinate Funding Review Committee processes for CoC Program competition, Emergency Solutions Grant funding decisions with the City of

- Grand Rapids, the State of Michigan and Kent County ESG opportunities.
- 8) Staff will coordinate activities for the open election process to the Steering Council (CoC Board), annual review and updates of membership and the Governance Charter.
 - 9) Staff will lead efforts for performance monitoring and review of CoC Program and ESG recipients.
 - 10) Staff will work to align efforts to end homelessness with community groups focused on employment and workforce development and other basic need areas.
 - 11) Staff will stay up to date on HUD and NAEH cited best practices through listservs, webinars, and conferences.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

All staff priority activities are enumerated within the Strategic Plan Activity Chart with anticipated deadlines. These deadlines are routinely reported to the CoC governing body, the Steering Council. This chart is managed by staff and the progress accomplished on it is noted quarterly. Delays are shared from the responsible committees to the Steering Council along with progress made or barriers encountered. At least annually, an update on progress toward goals is shared publicly via the CoC website.

3. How will the requested funds improve the CoC's ability to evaluate the outcome of CoC and ESG projects?

By having staff in the role to provide coordination, meetings are convened and information with performance data is shared both in funding decisions and in general leadership meetings to ensure the CoC is on track to reducing and ending homelessness. Funding Review Committee evaluates performance of recipients, Coordinated Assessment Committee evaluates performance of the intake, assessment and referral system, and Steering Council reviews information on HMIS Data Quality, Bed inventory, and overall counts of homelessness. The new system level performance indicators are soon to be integrated as the reports become available.

4. How will the planning activities continue beyond the expiration of HUD financial assistance?

This community has a Governance Charter to formalize the collaborations of community members and other Memorandums of Understanding that would require community members to continue working together to house those experiencing homelessness. There are funds invested by local sources that encourage planning and collaboration to supplement the existing HUD funding, such as Michigan Department of Health and Human Services, United Way, and the Grand Rapids Community Foundation.

4B. Funding Request

Instructions:

Is it feasible for the project to be under grant agreement by September 30, 2018: Select "Yes" or "No" to indicate whether the grant agreement will be executed and the project will begin operating by September 30, 2018. The FY 2016 HUD Appropriations Act requires HUD to obligate FY 2016 CoC Program funds by this date. A selection of "No" may result in the rejection of a project application during the HUD assessment. Further, if a CoC Planning award is not obligated with the grant execution by September 30, 2018, the conditional award will be terminated and the funds recaptured.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select 'Yes' or 'No' to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2016 NOFA and contact your local HUD office. The following questions become visible if "Yes" is selected:

- Please complete the indirect cost rate schedule below: Applicant must complete at least one row in the grid.
- Has this rate been approved by your cognizant agency?: Select "Yes" or "No" from the dropdown menu.
- Do you plan to use the 10% de minimis rate?: Select "Yes" or "No" from the dropdown menu.

Select a grant term: This field is populated with the value "1 Year" and cannot be edited.

Eligible Costs: For items 1 through 8, enter a "Quantity AND Description" and amount of assistance for each activity for which funds are being requested. "Quantity AND Description" details should be thorough, and failure to enter adequate "Quantity AND Detail" may result in conditions being placed on an award and a delay of grant funding. Once a "Quantity AND Detail" and an amount have been entered into one or more of the items, click "Save" and e-snaps will total the assistance requested and determine the total Match amount required.

Total Costs Requested: This field is automatically calculated based total amount requested for each eligible cost.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen "4A. Sources of Match" to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen "4A. Sources of Match" to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "4A. Sources of Match" to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement. The Total Budget automatically calculates when you click the "Save" button.
