LOFT provides strengths-based, housing first services to chronically homeless persons. This aligns with HUD’s priority of ending chronic homelessness. Services are trauma informed, and incorporate key strategies from solution focused and motivation interviewing. Participants are assisted to quickly secure permanent housing in the community. Leasing assistance is provided and participants pay 30% of their adjusted gross income towards rent. Supportive services focus on stabilization in the neighborhood and community, linkage to service(s) needs, and assistance with accessing benefits. Participants are assisted, as appropriate, for their health condition to increase their income and self-sufficiency. Individualized goals and action plans are developed that focus on the strengths of the individual and their hopes and dreams for the future. LOFT 15-16 anticipated on serving 11 chronic households and ended up serving 13 households (APR 9). 77% (10/13 APR 36a.2a.) of adults in this grant year either maintained or increased their total income. 92% (12/13 APR 36.a.1.) of program participants maintained or exited to permanent housing for this grant year.
