

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/> - Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2017 Continuum of Care (CoC) Program Competition. For more information see FY 2017 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2017 CoC Program NOFA and the FY 2016 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2016 Project Application will be imported into the FY 2017 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the FY 2016 post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2017 CoC Program Competition NOFA.

Additional Information

Now that you have completed Part 1 of the application, please review Parts 2-7, which are in Read Only mode. Screen 3C, which is mandatory for all PH-PSH projects and screens 6D, 7A and 7B which are mandatory for all projects will be editable and must be answered prior to submission.

Once you are done reviewing, you will be guided to a "Submissions without Changes" screen. At this screen if you decide no edits or updates are required to any screens other than the mandatory questions for 3C and/or 6D,7A and 7B, you are allowed to submit the application without ever needing to edit the rest of the application. However, if you determine that changes need to be made to the application, we have given you the ability to open up individual screens for edit, instead of the entire application.

Once you select the screens you want to edit via checkboxes, you will click "Save", and those screens will be available for edit. An important reminder, once you make those selections and click "Save", you cannot uncheck those boxes. You are allowed to select additional boxes even after saving your initial selections. Again, you must click "Save" for those newly selected screens to be available for edit.

If your project is a First Time Renewal, your project will not be able to utilize the "Submit Without Changes" function. The Submissions Without Changes page will be automatically set to "Make Changes" and you will be required to input data into the application for all required fields relevant to the component type.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The Salvation Army's Housing Assessment Program (HAP) serves as the CoC's Coordinated Entry. HAP takes referrals primarily from United Way 211, according to our local protocol, but also receives referrals from other agencies and providers as well as self-referrals. HAP ensures that special populations, such as unaccompanied minors or those experiencing domestic violence, are quickly referred to community experts for additional and/or more specific services. The critical and primary function of Coordinated Entry is to ensure access to the crisis response system in a streamlined way, assessing persons' strengths and needs, prioritizing, and matching persons to appropriate housing and mainstream services. A consistent assessment provides the ability for households to gain access to the best options to address their situation and incorporates participants' choice as much as possible rather than evaluating for a single program within the system. The most intensive interventions are prioritized for those with the highest needs, which includes placement within the community's registry as appropriate. HAP collects and tracks all related information in HMIS and provides the community with regular information regarding trends and gaps within the system. HAP coordinates with multiple systems and agencies to ensure households in a housing crisis are assessed and matched with appropriate housing resources and/or stabilization services. This may include referrals to the Department of Health and Human Services or Community Mental Health services, or other mainstream services. HAP is an active partner within the CoC, which has over 60 member agencies, of which there are about 24 programs that are utilized by coordinated entry for referrals. Referrals from HAP are made to service providers who can offer prevention assistance; Rapid Rehousing assistance; Permanent Supportive Housing; Transitional Housing and/or referral to temporary placements for those who have no immediate options for accommodations. These referrals include both HUD and non-HUD funded programs to ensure coordination among all available resources.

2. Does your project have a specific population focus? No

3. Housing First

3a. Does the project quickly move participants into permanent housing Yes

3b. Does the project ensure that participants are not screened out based on the following items? Select all that apply.

Having too little or little income

Active or history of substance use	<input checked="" type="checkbox"/>
Having a criminal record with exceptions for state-mandated restrictions	<input checked="" type="checkbox"/>
History of victimization (e.g. domestic violence, sexual assault, childhood abuse)	<input checked="" type="checkbox"/>
None of the above	<input type="checkbox"/>

3c. Does the project ensure that participants are not terminated from the program for the following reasons? Select all that apply.

Failure to participate in supportive services	<input checked="" type="checkbox"/>
Failure to make progress on a service plan	<input checked="" type="checkbox"/>
Loss of income or failure to improve income	<input checked="" type="checkbox"/>
Any other activity not covered in a lease agreement typically found for unassisted persons in the project's geographic area	<input checked="" type="checkbox"/>
None of the above	<input type="checkbox"/>

3d. Does the project follow a "Housing First" approach? Yes

4. Please select the type of SSO Project: Coordinated Entry

4a. Will the coordinated entry process funded in part by this grant cover the CoC's entire geographic area? Yes

4b. Will the coordinated entry process funded in part by this grant be easily accessible? Yes

4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

HAP has a close working relationship with 211 and utilizes its community connection to direct households in need of housing support to the HAP for screening and assessment. Information regarding HAP services is available via The Salvation Army's website, as well as through presentation made in the community and staff representation at multiple meetings within the system of care for Kent County. HAP maintains weekly walk-in hours, a staffed phone system for housing need requests, and after-hours procedures to ensure emergency coverage. There are also set hours provided by HAP for Intake Specialists to screen and assess homeless households at two neighboring agencies: the Mel Trotter Ministries homeless shelter and the Heartside neighborhood resource center.

4d. Does the coordinated entry process use a comprehensive, standardized assessment process? Yes

4e. Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services.

HAP follows policy and procedures for prioritization that are approved by the CoC and is an active member of the Coordinated Assessment committee, working with both HUD and non-HUD funded agencies to ensure that all housing resources are coordinated for referral. HAP utilizes the VI-SPDAT to screen for household need and makes referrals to housing service providers based on program eligibility and availability. In the Coordinated Entry role, HAP maintains a Category 1 homeless registry (for both individuals and families) that assists in prioritizing those who are most vulnerable. This firmly moves service delivery away from a first-come/first-served approach. HAP enters all participant data into HMIS and is developing processes in conjunction with the CoC System Administrator to complete HMIS-based referrals to partnering service providers.

4f. If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth? Yes

Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC's final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.
