All projects requesting renewal must demonstrate they have met minimum project eligibility, capacity, timeliness, and performance standards to be considered for funding.

GENERAL PROJECT INFORMATION

1a. Provide a narrative describing how the project's performance met the plans and goals established in the current project's application, the project's performance in assisting program participants to achieve and maintain independent living, and record of success. (Include target populations and preferences as specified and/or allowed by the Notice of Funding Availability (NOFA) under which the project was initially funded.) If the renewing project has not yet started, provide a narrative of anticipated performance in these same areas based on experience with other related projects. (1000 word limit)

LOFT (Long-Term Opportunities for Tenancy) is a permanent supportive housing project designed to provide scattered site leasing assistance and supportive services for those individuals who are chronically homeless as defined by HUD. This project was first funded by HUD as a bonus project to help accomplish the goal of addressing chronic homelessness in Kent County. Services are provided using a strengths-based, housing first perspective with the goal of assisting project participants to maintain permanent housing and increase their selfsufficiency. Participants who enter this project must have a permanent disability of long and continued duration. In addition, they must have been continuously homeless for a year or more or have had four or more episodes of homelessness within the last 3 years. Most enter the program after living on the streets and other places unfit for human habitation. The project has the benefit of offering leasing assistance vs. rental assistance. This can be particularly helpful in a community allowing for the organization, Community Rebuilders, to hold the lease and allow the program participant to have a sublease. This is sometime necessary when seeking out a rental unit for persons who have been chronically homeless as local landlords can be reluctant to offer a lease to persons who have histories common within this population. HUD Leasing dollars differ from Rental assistance dollars in that with rental assistance dollars the program participant must execute the lease directly with the landlord. Outreach for eligible participants is conducted throughout the community utilizing the communities coordinated entry system and outreach teams. A core component to LOFT is the community-based Housing Resource Specialist (HRS) support services model. These HRS staff engage eligible participants through outreach activities on the streets and in the local missions, further promoting access to the LOFT program for those who are difficult to reach and have minimal contact with homeless service providers. Through use of the strengths-based housing-first HRS model this project ensures that this most vulnerable population receives the most cost-effective intervention by immediately linking the participant to stable housing of their choice within the private rental market. HRS work with each participant to identify rental housing of their liking. Participants benefit from the opportunity to engage in pre-tenancy planning to select housing in the areas that are most convenient for them and near areas they frequent. The foundation of the strengths-based approach and the role of the HRS is a strong, trusting and respectful

relationship with participants. This approach promotes service engagement and results in participants having greater ability to adhere to lease requirements and accomplish their goals for improved self-sufficiency. Community Rebuilders has long-standing relationships with private landlords in the local area that make it possible for participants to have choices in the private rental market. Housing resource specialist assist households by completing an assessment to identify housing history, past strengths and barriers to housing. The assessment includes information such as patterns and risk, what worked well in previous housing situations and what hindered their ability to maintain housing. HUD required Housing Quality Inspections are completed by the HRS and serve as a great learning opportunity for participants to learn the legal obligations of their landlord and understand their right to have safe and decent housing. On- going supportive services are provided as needed and a housing goal and action plan is reviewed regularly to promote long-term housing sustainability. The philosophy of this project relies on the belief that people experiencing homelessness have the right to self-determination and should be treated with dignity and respect and as such the housing and services provided depend on the needs and preferences of each household served. The success of this program is evidenced by the housing stability obtained by program participants and its ability to prevent returns to homelessness by its participants. Participants are assisted to identify mainstream resources and entitlements benefits for which they are eligible. In addition, linkages are made to community employment services when appropriate and desired. Individualized plans are created with participants based on the HRS standards of care. As partners, participant and HRS create a comprehensive housing plan that includes on-going budget and financial planning as needed. Participants are encouraged to identify goals and objectives that meet their personal needs to increase their income and ability to live independently and are supported in achieving their goals. The connection to the communities coordinated entry as well as comprehensive outreach efforts combined with the housing first approach results in a low-demand model that make access to housing simplified for the persons experiencing chronic homelessness and a complicating disability. LOFT participants are asked to complete a confidential survey about their HRS. In 2017 survey results showed 98% of survey respondents reported they felt supported by their HRS. 99% of survey respondents reported that Community Rebuilders helped them to obtain decent, safe and sanitary housing of their choosing. 99% of survey respondents reported their HRS helped them identify other community resources. 100% of survey respondents reported they were satisfied with the services they received at Community Rebuilders. In addition to surveys, focus groups and data analysis is used to validate and improve the work of all Community Rebuilders projects. This includes an effort to identify and address racial inequalities in our community and continually monitor demographics to ensure that we are serving all groups fairly and equitably. In 2016-17, LOFT served the following demographics: 54% Black or African American, 31% White, 15% Two or more races, 0% Hispanic. This program met and exceeded all program outcomes. However, the real success of the program can be seen in comments from participant feedback surveys such as these, "Being housed for over a year has given me the opportunity to address issues other than housing." Another comment, "My worker has helped me get through the program by setting goals,

creating a budget plan and also guided me to the community for other resources available, and "I have a home, I didn't think it was possible, Thank you."

1b. Use the last completed grant year APR for this and all other data/outcome measure questions. If the renewing project has not yet started, indicate the planned number of units per county.*

3. Does the project serve priority populations (Veterans, Chronically Homeless, Families, Youth, Domestic Violence Survivors)? Enter the number of units dedicated or prioritized for each population at turnover.

4. Low Barrier

To earn points as Low Barrier, the project must answer affirmatively to all the following questions.

Does the project ensure that participants are NOT screened out (or denied project entry) due to the following:	
Having too little or not enough income	Yes
Active substance use or history of substance abuse	Yes
Having a criminal record (other than for state-mandated restrictions)	Yes
Domestic violence (requiring survivor to take specific actions or demonstrate distance from assailant)	Yes

5. Housing First

In addition to the answers above, a project must also answer affirmatively to the following questions to qualify as Housing First.

Does the project work to ensure that participants are NOT terminated from the program due to the following: (Table Continues on Following Page)	
Failure to participate in supportive services	Yes
Failure to make progress on a service plan	Yes
Loss of income or failure to improve income	Yes
Being a victim of domestic violence	Yes
Any other activity not typically covered in a lease agreement but found in the project's geographic area.	Yes
Does the project quickly move participants into permanent housing?	Yes

- 6. All recipients of HUD CoC Program funding are required to participate in Coordinated Entry. Did the project take 100% of all referrals from Coordinated Entry (or community process if Category 4 homeless) in the past grant year *or* will it once the grant year begins? (Verified by HMIS reports) Yes
- 7. What is the prioritization process for households referred to this project? How is it determined who is most vulnerable and the best fit for any referrals to this project? Provide detail from policy established by the Local Planning Body. (500 word limit)

LOFT utilizes coordinated entry through Salvation Army's Housing Assessment Program (HAP). HAP follows the HUD PSH Prioritization process that our CoC adopted. When LOFT informs HAP of program openings, HAP utilizes the VI spadat to measure vulnerability, assesses the length of time homeless, and reviews basic eligibility requirements for LOFT. These measures are used to priorize and refer.

Efficient Use of Funding (If the renewing project has not completed a full year, share information from the last completed year of another HUD funded project or similarly designed project through this agency)

- 8. What was the project's utilization rate? (Average of Quarterly Point- in-Time Counts in APR 9 divided by total contracted units.) 91%
- 9. Expenditure of Funds: Use last completed HUD FY year.

a. Total amount authorized within eLOCCS	118,824
b. Remaining balance in eLOCCS	0
c. Percentage recaptured	0
Divide answer b. by answer a. and multiply by 100	

10. Were drawdowns made to eLOCCS at least quarterly? (Demonstrated in eLOCCS attachment)

Yes

HMIS Participation (If the renewing project has not completed a full year, share information from the last completed year of another HUD funded project or similarly designed project through this agency)

11. Indicate how many APR Data Quality Elements (DQE) have 5% or less null or missing values (APR Q06; use data from alternative system if DV program):

	Data Quality	Element APR 6a6d.	
	Number of elements with	5% or less null or missing	g values

HUD Monitoring

12. a. Does the recipient have any HUD monitoring findings in any of the agency's projects? No

If yes, explain below findings in detail for the Funding Review Panel. Include details on the nature of the finding, resolution and corrective actions taken, if any.

Click here to enter text.

b. Has your organization been monitored by HUD in the past three (3) years? No

- If yes, include as attachments: Monitoring report from HUD, your organization's response to any findings, documentation from HUD that finding or concern has been satisfied, and any other relevant documentation.
- If no, provide most recent monitoring by an entity other than HUD for federal or state funding (ESG, CDBG, etc) and include as attachments: Monitoring report, your organization's response to any findings, documentation from entity that finding or concern has been satisfied, and any other relevant documentation.

Impact on Homelessness

13. Please evaluate how the project would impact homelessness in the CoC if it were not awarded funding through this competition.

The project would close and 13 individuals would immediately become homeless if it were to not be funded.
Loss of funding would result in loss of housing options and could mean eventual displacement or increase in homelessness.
Loss of funding would negatively impact services and resources but not a clear loss of housing options.
Loss of funding would minimally impact the number of housing options or resources available.

- 14. Is this project the only CoC funded project with dedicated beds to a particular target population? Answered by Funding Review Committee based on all applications submitted for this NOFA.
- 15. Funds that are reallocated may be added to renewal projects to increase the number of households served. If funding is available:

Would this project accept additional funds?

✓ Yes

✓ No

How would additional households be served with these funds?

There have been many people who inquire about our services and express need for LOFT services. In addition, there are families on our community's prioritization list that could be referred to us if we had additional funding to assist them. This project is in high demand in our comunity. Additional funding could be used to serve more chronically homeless households.

Serving High Need Populations (If the renewing project has not completed a full year, share information from the last completed year of another HUD funded project or similarly designed project through this agency)

16. What percentage of the households served met "hard to serve" criteria defined as having zero income at start/entry? (APR 18. Add values for No Income and divide by Total in last row):

31%

17. What percentage of the households served met "hard to serve" criteria defined as having two (2) or more physical or mental health conditions known at start/entry (APR 13.a.2. add totals for two and three or more conditions, then divide by total):

69%

18. What percentage of the households served were chronically homeless? (APR Q26a. divide total chronically homeless by total households):

100%

Section II. Project Performance

Performance Data (If the renewing project has not completed a full year, share information from the last completed year of another HUD funded project or similarly designed project through this agency)

- 19. Length of Stay (Joint TH/RRH projects complete either option B or C below)
 - a. Permanent Supportive Housing: Calculate the percentage of leavers that remained in project more than 180 days (APR 22a.1)

c. Transitional Housing: Calculate the percentage of participants who exited to permanent housing destinations (Total Persons Exiting to Positive Housing Destinations APR Q23.a.+ Q23b./ [Total Leavers 5.a.5. – Excluded Q23.a. + Q23.b.])

N/A

21. New or Increased Income and Earned Income

a. PSH Only Project Stayers: What percent of project stayers had new or increased earned income with in the project contract year? APR 19a.1

0% PSH Participants in the project have had new or increased income within the project year. Participants in the project all have a disability and may be unable to work. Participants are assisted to increase total income which includes connecting to mainstream benefits. Understanding that this is a psh project it is not unlikely to see low number of participants that increase earned income in a project year.

b. PSH Only Project Stayers: What percent of project stayers had new or increased other (non-employment) income? APR 19a.1

78%

- c. Project Leavers: What percent of project leavers had new or increased earned income? *APR 19a.2* 0%

Attachment B

Attachments listed below are required but unscored. Failure to include any documentation that is required may result in disqualification of the application. *Please number all attachments in accordance with the list below.*

All projects must include:

☑ #1: Annual Progress Report (APR) for the project's most recent completed contract year, or the most recently completed contract year for another HUD-funded project or similar project if the renewing project has not yet completed a full year. Other structured outcome report for non-HMIS participating agencies are allowed (i.e. domestic violence agencies).
☑ #2: Line of Credit Control System (LOCCS) report showing drawdowns and final balance
☑ #3: Project Application submitted in <i>e-snaps</i>
☑ #4: Documentation of all match
Each applicant must include one of the following two (#5):
\square Monitoring report from US Department of Housing and Urban Development (HUD)
☑ Monitoring report from an entity other than HUD for federal or state funding (ESG, CDBG, etc)
If relevant include (#6):
☐ A: Organization's response to any findings
\square B: Documentation from HUD (or other entity) that finding or concern has been satisfied
C: Any other relevant documentation
\square D: Written communication to HUD requesting the significant change indicated in question 2.

☐ E: HUD's written approval of the change requested in question 2.
