

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/> - Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as "Read-Only;" except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.

Recipient Performance

- 1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?** Yes

- 2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?** No

- 3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?** Yes

- 4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?** No

Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition? Yes
 If “No” click on “Next” or “Save & Next” below to move to the next screen.

2. Is this an individual project application or a fully consolidated project application? Fully Consolidated

1. Provide a description that addresses the entire scope of the proposed project.

In fulfilling the primary functions of Coordinated Entry, the Housing Assessment Program (HAP) prioritizes all strategies that create equitable access to housing resources for anyone experiencing homelessness in Kent County . To this end, HAP engages with multiple community partners and experts for populations within the broader homeless experience that have more specific and unique needs, such as youth, LGBTQ individuals, and survivors of human trafficking . HAP is an active member of many local groups , participating in discussions and efforts to improve the quality of life and community engagement with those who have historically faced barriers or exclusion from services and supports. These efforts have led to a greater understanding of specific and ongoing training and education as it relates to those who identify within these populations and experience homelessness. HAP recognizes and supports that these activities and the intentionality with which they are identified and pursued is a requirement for effective and inclusion functionality of Coordinated Entry. While HAP has adopted and implemented anti-discrimination policies and the Equal Access to Housing notice from HUD, there is implicit understanding that this is just one step toward the full integration of cultural competence and trauma-informed care required to provide the most inclusive and supportive service delivery for the community’s most vulnerable members.

4. Please select the type of SSO Project: Coordinated Entry

4a. Will the coordinated entry process funded in part by this grant cover the CoC's entire geographic area? Yes

4b. Will the coordinated entry process funded in part by this grant be easily accessible? Yes

4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

In fulfilling the primary functions of Coordinated Entry, the Housing Assessment Program (HAP) prioritizes all strategies that create equitable access to housing resources for anyone experiencing homelessness in Kent County. HAP has a close working relationship with 211 and utilizes its community connection to direct households in need of housing support to the HAP for screening and assessment. Information regarding HAP services is available via the state

Housing Development Authority website and The Salvation Army's website, as well as through presentations made in the community and staff representation at multiple meetings within the system of care for Kent County. Information on HAP's role as Coordinated Entry is also detailed at community partner meetings on a regular basis. HAP is housed in a building owned by the City of Grand Rapids, located on the public transportation route, and is accessible for people with disabilities. HAP has developed and implemented policies based on national best practices for assisting participants with Limited English Proficiency, including use of interpretation services and other communication aids. HAP maintains weekly walk-in hours, a staffed phone system for housing need requests, and after-hours procedures to ensure emergency coverage. HAP coordinates with emergency shelters and drop-in centers to provide mobile assessment. HAP completes stakeholder consultation through the use of surveys and focus groups that target participant feedback on experiences with the functions of Coordinated Entry. Additionally, HAP engages with multiple community partners and experts for populations within the broader homeless experience that have more specific and unique needs, including survivors of domestic violence. Through this project, HAP staff receives regular training support from domestic violence service providers to ensure that the process of Coordinated Entry effectively implements survivor-centered practices in the provision of housing and services, maximizing client choice and maintaining the safety and confidentiality of program participants. This is completed in an environment and with a process methodology that upholds the necessity of safety and accommodates the unique circumstances and needs of this population.

4d. Does the coordinated entry process use a comprehensive, standardized assessment process? Yes

4e. Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or services.

The CoC's Coordinated Assessment Subcommittee has developed and implemented policies and procedures which detail the Coordinated Entry process for Kent County, including the roles of HAP, 211, outreach agencies, and service providers. HAP is a member of the Coordinated Assessment Subcommittee and ensures alignment with these policies through its role, working with ESG, HUD CoC, and non-HUD funded agencies to ensure that all housing resources are coordinated for referral. HAP utilizes the VI-SPDAT to determine household need and makes referrals to housing service providers based on a standardized prioritization process that considers program eligibility, availability, and participant choice. In the Coordinated Entry role, HAP maintains a priority list for literally homeless individuals and families that assists in connecting the most vulnerable to housing resources. This firmly moves service delivery away from a first-come/first-served approach. HAP enters all participant data into HMIS, including HMIS-based referrals to partnering service providers. For domestic violence service providers, certain programs utilize HMIS but several programs do not. In order to ensure effective matching to housing resources and equitable access for participants of these services, HAP management staff maintains quarterly meetings with domestic violence service partners to review any referral process challenges and to update one another on agency changes or other identified needs.

4f. If the coordinated entry process includes Yes

differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth?

6A. Funding Request
