GENERAL PROJECT INFORMATION

1a. Provide a narrative describing how the project's performance met the plans and goals established in the current project's application, the project's performance in assisting program participants to achieve and maintain independent living, and record of success. (Include target populations and preferences as specified and/or allowed by the Notice of Funding Availability (NOFA) under which the project was initially funded.) If the renewing project has not yet started, provide a narrative of anticipated performance in these same areas based on experience with other related projects. (1000 word limit)

Keys First's goal is to end homelessness for families who have been living on the streets or in emergency shelters with cost effective, consumer driven rapid rehousing services. Screening and assessment for entry into this project is completed through Coordinated Entry. Families who are living on the streets or in shelters and lack the financial resources and support networks to obtain housing on their own and have incomes at or below 30% of AMI are prioritized for this rapid rehousing project. Participants pay 30% of their adjusted gross income toward rent and may receive short or medium-term assistance based on need. Priority is placed on providing the least amount of assistance needed by a household to obtain and maintain permanent housing. All households are assisted to obtain housing in the private rental market and secure a lease in the neighborhood of their choice near amenities that they most desire or need. All units must meet HUD Housing Quality Standards and rent reasonableness. All participating households receive services from a trained Housing Resource Specialist (HRS). HRS support the continuity of assessment and planning from early intervention through permanent housing stability. Services are centered on the strengths based housing first model that values the consumer as a partner and expert about what is needed to obtain housing stability. Services are voluntary but a minimum requirement of monthly contact ensures that specific steps to achieve goals are outlined, while strengths and resources are identified to address any barriers that might interfere with housing stability. The HRS provides services throughout program participation and for six months post exit if the participant identifies a need. Services are designed to enhance participant's housing stability and self-sufficiency. HRS assists with linkages and utilization of community resources and assists the household with the development of a homeless risk prevention plan. The non-housing related service needs of households are brokered via referral and linkages to mainstream community resources. These mainstream services include, but are not limited to, employment services, mental health services, legal advocacy, disability services, primary health care linkages, substance use disorder services, counseling, etc. This project achieves national recognition for its rapid rehousing outcomes. In 2017-2018, 95% of participants exited to permanent housing. Families served are able to end their homelessness despite the difficult rental market and quickly secure housing of their choice. Keys First is contracted to serve 41 households, however, due to our model of

service delivery, and efficient use of resources, we consistently serve well over 100 households each contract year. This is a testament to our ability to work with households, rally community resources and utilize natural supports to assist households in obtaining and maintaining housing effectively and efficiently. This project serves many youths as defined by HUD. In this contract year 12 youth (18-24 year olds) were served. Additionally, 129 children; who were living in shelters or places unfit for human habitation were served and now have a place to call home. 16 of the adults served are survivors of domestic violence. Despite its profound impact this project remains very cost-effective with the average amount of financial assistance provided to stabilize a family being \$3,772.00. These successful outcomes prove that when families partner with a Housing Resource Specialist, utilizing a strength-based housing-first approach, together they achieve safe and stable permanent housing. As part of continuous quality improvement we utilize feedback surveys, focus groups, and data analysis. 97% of survey respondents reported being satisfied with the services they received. 91% of survey respondents reported that Community Rebuilders helped them to obtain decent, safe and sanitary housing of their choosing. We are aware of the potential for racial disparity amongst service deliverers and continually monitor demographics to ensure that we are serving all groups fairly and equitably. In 2017-2018, this project served the following demographic groups: 68% Black or African American participants, 19% White, 11% Two or more races, and 11% Hispanic. Within these demographic groups 95% of Black or African American participants, 97% of White participants, and 100% of Native Hawaiian or Pacific Islander participants exited to safe and stable permanent housing.

4. Low Barrier

To earn points as Low Barrier, the project must answer affirmatively to all the following questions.

Does the project ensure that participants are NOT screened out (or denied project entry) due to the following:	
Having too little or not enough income	Yes
Active substance use or history of substance abuse	Yes
Having a criminal record (other than for state-mandated restrictions)	Yes
Domestic violence (requiring survivor to take specific actions or demonstrate distance from assailant)	Yes

5. Housing First

In addition to the answers above, a project must also answer affirmatively to the following questions to qualify as Housing First.

Does the project work to ensure that participants are NOT terminated from the program due to the following: (Table Continues on Following Page)	
Failure to participate in supportive services	Yes
Failure to make progress on a service plan	Yes
Loss of income or failure to improve income	Yes
Being a victim of domestic violence	Yes
Any other activity not typically covered in a lease agreement but found in the project's geographic area.	Yes
Does the project quickly move participants into permanent housing?	Yes

6. All recipients of HUD CoC Program funding are required to participate in Coordinated Entry. Did the project take 100% of all referrals from Coordinated Entry (or community process if Category 4 homeless) in the past grant year or will it once the grant year begins? (Verified by HMIS reports) Yes

7. What is the prioritization process for households referred to this project? How is it determined who is most vulnerable and the best fit for any referrals to this project? Provide detail from policy established by the Local Planning Body. (500 word limit)

We utilize our Coordinated Entry, The Salvation Army's Housing Assessment Program (TSA HAP). TSA HAP uses the VI SPDAT to assess homeless families with a housing need. Each project informs HAP of program openings via a resource chart specifying eligibility criteria. HAP assesses vulnerability based on the VI and length of time homeless to prioritize referrals

Efficient Use of Funding (If the renewing project has not completed a full year, share information from the last completed year of another HUD funded project or similarly designed project through this agency)

Impact on Homelessness

13. Please evaluate how the project would impact homelessness in the CoC if it were not awarded funding through this competition.

<input checked="" type="checkbox"/>	The project would close and _170___ individuals would immediately become homeless if it were to not be funded.
<input type="checkbox"/>	Loss of funding would result in loss of housing options and could mean eventual displacement or increase in homelessness.
<input type="checkbox"/>	Loss of funding would negatively impact services and resources but not a clear loss of housing options.
<input type="checkbox"/>	Loss of funding would minimally impact the number of housing options or resources available.

14. Is this project the only CoC funded project with dedicated beds to a particular target population?
Answered by Funding Review Committee based on all applications submitted for this NOFA.

15. Funds that are reallocated may be added to renewal projects to increase the number of households served. If funding is available:

Would this project accept additional funds? ☒ Yes ☐ No

How would additional households be served with these funds?

Additional funds allow us to serve more literally homeless families and families fleeing domestic violence. Families on the prioritization list at TSA HAP are waiting for housing resources and are in need of immediate assistance. Those families could be referred to this program if we had additional housing assistance to serve them.

Serving High Need Populations *(If the renewing project has not completed a full year, share information from the last completed year of another HUD funded project or similarly designed project through this agency)*

16. What percentage of the households served met "hard to serve" criteria defined as having zero income at start/entry? (APR 18. Add values for No Income and divide by Total in last row):

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/>
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2019 Continuum of Care (CoC) Program Competition. For more information see FY 2019 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2019 CoC Program NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2018 Project Application will be imported into the FY 2019 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2019 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the "Submit Without Changes" process.

In general, HUD expects a project's proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

Data can be imported into a FY 2019 renewal project application from a FY 2018 new or renewal project application. For a project application that did not import last year's FY 2018 information, e-snaps will automatically be set to "Make Changes" and all questions on each screen must be updated.

Renewal projects that select "Fully Consolidated" on the Grant Consolidation screen may not use the "Submit Without Changes" process and esnaps will automatically be set to "Make Changes". However, if the applicant selects "Individual Renewal", this project application(s) can use the "Submit Without Changes" process. In addition, esnaps will automatically be set to "Make Changes" if the project applicant indicates on the Renewal Expansion Screen, this project application is for a "Combined Renewal Expansion" project application. However, the stand-alone renewal expansion project application(s) can use the "Submit Without Changes" process.

The e-snaps screens that remain "open" for required annual updates and do not affect applicants' ability to select "Submit without Changes" are:

- Recipient Performance Screen;
- Renewal Expansion Screen;
- Renewal Grant Consolidation Screen;
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in "Read-Only" format and should be reviewed for accuracy; including any updates that were made to the 2018 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select "Submit Without Changes" in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: "Submission Without Changes" Screen, select "Make Changes", and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Once a project applicant selects a checkbox and clicks "Save", the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions and esnaps navigation guides found on the HUD Exchange to find more in depth information about applying under the FY 2019 CoC Competition.

Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes
2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No
3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes
4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No

Renewal Expansion

As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Expansion. This process can combine up to 1 stand-alone renewal project application and 2 stand-alone new expansion project applications into 1 combined renewal expansion project application. This means recipients no longer need to combine expansion data in CoC Post-Award. Renewal projects that are part of an expansion must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 GIW or eLOCCS, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be No
part of a combined renewal expansion in the
FY 2019 CoC Program Competition? "If "No"
click on "Next" or "Save & Next" below to
move to the next screen.

Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

- 1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2019 CoC Program Competition?** No
If "No" click on "Next" or "Save & Next" below to move to the next screen.

Keys First serves households with children who have been living on the streets or in emergency shelters. Screening and Assessment for entry into this project is conducted through the communities coordinated entry system at The Salvation Army Social Services Housing Assessment Program. Resources are targeted and prioritized based upon community priorities. Families who are living on the streets or in shelters and lack the financial resources and support networks to obtain housing on their own and have incomes at or below 30% of AMI are prioritized for this rapid rehousing project. Participants are expected to pay 30% of their adjusted income toward rent and may receive short or medium term assistance based on their need. Priority is placed on providing only the least amount of assistance needed by a household to obtain and maintain permanent housing. All households will be assisted to obtain housing in the private rental market and be assisted to secure a lease in the neighborhood of their choice near amenities that they most desire or need. All units meet HUD Housing Quality Standards and rent reasonableness is used to determine the applicable rent standard. All participating households will receive services from a trained Housing Resource Specialist (HRS). HRS's support the continuity of assessment and planning from early intervention through permanent housing stability. Services are based on the Housing First, strengths based model that values the consumer as a partner and expert about what is needed to obtain housing stability. Services are voluntary but a minimum requirement of monthly contact ensures specific steps to achieve goals are outlined and strengths and resources are identified and rallied to address any barriers that might interfere with housing stability. The Housing Resource Specialist provides services throughout program participation and for six months post exit from rental assistance. Services are designed to enhance participant's housing stability and self-sufficiency. HRS's assist with linkages and utilization of community resources and assist the household with the development of a homeless risk prevention plan. The non-housing related service needs of households are brokered via referral and linkages to mainstream community resources. These mainstream services include, but are not limited to employment services, mental health services, legal advocacy, disability services, primary health care, substance use disorder services, counseling, etc.

6E. Summary Budget

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC's final HUD-approved FY 2018 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2018, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

A. PROGRAM PARTICIPANTS

1. Do the program records document that households met the eligibility criteria that is outlined in the Memorandum of Agreement?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
Describe the Basis for Conclusion: Each program record included the Emergency Shelter Program Applicant Self-Certification of Homelessness form. This is signed and dated by the applicant and the Housing Resource Specialist.			
2. Does the shelter provider have a Refusal Policy that aligns with what is outlined in the Memorandum of Agreement? Please state current Refusal Policy being practiced. Provide documentation of any refusals.	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
Describe the Basis for Conclusion: A household may be denied only if the household had been disruptive, violent or has put themselves or someone else in an unsafe situation. Denial of services is very rare. The Housing Resource Specialist will converse with the household in regards to the incident and in most cases, the visitor is able to continue their stay with the understanding that if the situation occurs again, further action may be required.			
3. Does the shelter provider make every attempt to practice shelter diversion for households seeking assistance? Provide examples of how this is done.	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
Describe the Basis for Conclusion: The Diversion conversations take place at the Coordinated Entry entity, The Salvation Army - Social Services of Kent County (HAP). Diversion also occurs during intake at Community Rebuilders and throughout the visitor's stay at the HCC. The Housing Resource Specialist may ask the visitor about other alternative housing options. An example of this may be "can you stay with your friend you stayed last night with if that friend knew you would be housed quickly?" Staff also may practice mediation if requested by the visitor.			
4. Are program participants coming from the target population identified to be served, i.e. men, women and children, youth, etc.?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
Describe the Basis for Conclusion: Community Rebuilders Housing Connection Center serves men, women and families. The HCC is able to accommodate households of any composition (i.e. single dad with children, single mom with children, a couple with children, a couple, individual).			

5. Do program records indicate that households did not exceed the ninety (90) night limitation of stay?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
Describe the Basis for Conclusion: Program records indicate that the households did not exceed the ninety-night limitation of stay. The average length of stay is less than 55 days.			
6. Do program records document that households had a VI-SPDAT assessment completed that follows the procedure of the local Coordinated Entry System?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
Describe the Basis for Conclusion: The VI-SPDAT is conducted over the phone at HAP through Kent County's Coordinated Entry System. Once the VI-SPDAT has been completed, HAP will place the household on the community's prioritization list. Community Rebuilders HCC staff works with HAP staff to ensure the most appropriate housing intervention is occurring with all households.			
7. Do program records document that households had a VI-SPDAT assessment completed within 6 months prior to the date of intake?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
Describe the Basis for Conclusion: Because the VI-SPDAT is conducted at HAP within the initial phone call, Community Rebuilders HCC staff would not need to complete this assessment with the household. All staff at HCC are trained on the VI-SPDAT for when, in very rare cases, a household had not received the assessment in over six months of the date of intake.			
8. Do program records document that information and referral services consistent with the Housing Resource Specialist Agreement were provided for households that did not fall within the rapid rehousing or permanent housing intervention range?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
Describe the Basis for Conclusion: When a household does not fall within the rapid rehousing or permanent housing intervention range, Community Rebuilders HCC staff assist the household financially. Services are still provided to the household. This may look different regarding immediate needs. Community Rebuilders staff refer households to community resources as well. Housing is available on housing every Wednesday. This is an opportunity for past visitors to share their story to help other visitors in HCC locate safe, affordable housing.			
9. Do program records document that progress notes are reflective of case management services provided?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
Describe the Basis for Conclusion: Each household is linked to a community resource upon entrance into the Community Rebuilders HCC. The Housing Resource Specialist, dependent on the program the household is linked to, records the visitor's case plan(s) and case notes in AIMS. This is then printed from AIMS and put into the visitor file upon exit.			

10. Do the program records indicate that discharge plans were documented for households exiting the shelter when able?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
--	---	-----------------------------	------------------------------

Describe the Basis for Conclusion:

The discharge plans are recorded within the visitor goals, case notes and in the HMIS Exit Assessment.

B. SERVICE COORDINATION

1. Are the type and level of activities with the HARA in the geographic area documented and consistent with those outlined in the Memorandum of Agreement? Please list all coordinated activities.	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
--	---	-----------------------------	------------------------------

Describe the Basis for Conclusion:

Community Rebuilders has a very strong relationship with Kent County's HARA, The Salvation Army – Social Services of Kent County (HAP). Households who are seeking housing services contact HAP. If there is an opening at the Community Rebuilders HCC, the household will complete the VI-SPDAT, be placed on the prioritization list, connected to a community housing resource and will begin their stay at the Community Rebuilders HCC.

2. Is the provider an active member of the local Continuum of Care (CoC)/Local Planning Body (LPB) in the geographic area and have attended at least 75% of CoC/LPB meetings in the last contract year?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
---	---	-----------------------------	------------------------------

Describe the Basis for Conclusion:

Community Rebuilders staff attends the Grand Rapids Area Coalition to End Homelessness meetings on a regular basis. Jeffrey King is also a member of the Steering Committee and is a very active member.

C. EMERGENCY SHELTER

1. Does the emergency shelter adhere with the <i>Minimum Standards for Emergency Shelter</i> ?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
--	---	-----------------------------	------------------------------

Describe the Basis for Conclusion:

The Community Rebuilders Housing Connection Center adheres with the *Minimum Standards for Emergency Shelter*.

2. Does the emergency shelter maintain hours of operation seven (7) days a week from 24 hours a day?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
--	---	-----------------------------	------------------------------

Describe the Basis for Conclusion:

The CRHCC is open to registered visitors twenty-four hours a day, seven days a week.

3. Does the emergency shelter operate as a low barrier facility to ensure that individuals have equal access to services as outlined in the Memorandum of Agreement and <i>Minimum Standards for Emergency Shelter</i> ?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
--	---	-----------------------------	------------------------------

Describe the Basis for Conclusion:

The CRHCC is a low barrier facility to ensure that individuals have equal access to services. The CRHCC is a low barrier facility to ensure that individuals have equal access to services. The CRHCC is a low barrier facility to ensure that individuals have equal access to services.

4. Were a minimum of two (2) meals made available to individuals (supper meal in the evening and a breakfast meal in the morning)?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A
Describe the Basis for Conclusion: Food is provided for breakfast, lunch and dinner to all visitors staying in the Community Rebuilders HCC. If a household would like to provide their own food, there is storage available for that as well.			

D. COST ALLOWABILITY

1. Does a sample of reimbursement requests indicate that expenditures were for eligible costs and supported by adequate source documentation (daily sign-in sheets, MSHMIS billing report, etc.)?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A

The sign-in sheets align with the ART report and reimbursement request on a regular basis. If corrections are needed, they are submitted in a timely manner.			

2. Does the shelter provider submit timely reimbursement request for each billing cycle and consistent with the process that is outlined in the Memorandum of Agreement?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> N/A

Describe the Basis for Conclusion: Several staff members are able to submit the billing on behalf of the regular designated staff member if needed.			

4. Does the shelter provider have a process document how the shelter provider will ensure that all reimbursement requests will be submitted in a consistent manner during the fiscal year?	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input checked="" type="checkbox"/> N/A
