All projects requesting renewal must demonstrate they have met minimum project eligibility, capacity, timeliness, and performance standards to be considered for funding. **For each data-related question below, domestic violence service providers may use data generated from a comparable database to HMIS.**

GENERAL PROJECT INFORMATION

1a. Provide a narrative describing how the project's performance met the plans and goals established in the current project's application, the project's performance in assisting program participants to achieve and maintain independent living, and record of success. (Include focus populations and preferences as specified and/or allowed by the Notice of Funding Opportunity (NOFO) under which the project was initially funded.) If the renewing project has not yet started, provide a narrative of anticipated performance in these same areas based on experience with other related projects. (1000 word limit)

LOFT (Long-Term Opportunities for Tenancy) is a permanent supportive housing project designed to provide scattered site leasing assistance and supportive services for those individuals who are chronically homeless as defined by HUD. This project was first funded by HUD as a bonus project to help accomplish the goal of addressing chronic homelessness in Kent County. Services are provided using a strengths-based, housing first model with the goal of assisting project participants to maintain permanent housing and increase their self-sufficiency.

Participants who enter this project must have a permanent disability of long and continued duration. In addition, they must have been continuously homeless for a year or more or have had four or more episodes of homelessness within the last 3 years. Most enter the program after living on the streets and other places unfit for human habitation. The project has the benefit of offering leasing assistance vs. rental assistance. This can be particularly helpful in a community allowing for the organization, Community Rebuilders, to hold the lease and allow the program participant to have a sublease. This is sometime necessary when seeking out a rental unit for persons who have been chronically homeless as local landlords can be reluctant to offer a lease to persons who have histories common within this population.

HRS staff engage eligible participants through outreach activities on the streets and in the local missions, further promoting access to the LOFT program for those who are difficult to reach and have minimal contact with homeless service providers. Through use of the strengths-based housing-first HRS model this project ensures that this most vulnerable population receives the most cost-effective intervention by immediately linking the participant to stable housing of their choice within the private rental market. HRS work with each participant to identify rental housing of their choice. Participants benefit from the opportunity to engage in pre-tenancy planning to select housing in the areas that are most convenient for them and near areas they frequent. The foundation of the strengths-based approach and the role of the HRS is a strong, trusting and respectful relationship with participants.

This approach promotes service engagement and results in participants having greater ability to adhere to lease requirements and accomplish their goals for improved self-sufficiency.

Community Rebuilder has long-standing relationships with private landlords in the local area that make it possible for participants to have choices in the private rental market. Housing resource specialist assist households by completing an assessment to identify housing history, past strengths and barriers to housing. The assessment includes information such as patterns and risks, what worked well in previous housing situations and what hindered their ability to maintain housing.

HUD required Housing Quality Inspections are completed by the HRS and serve as a great learning opportunity for participants to learn the legal obligations of their landlord and understand their right to have safe and decent housing. Ongoing supportive services are provided as needed and a housing goal and action plan is reviewed regularly to promote long term housing stability.

The philosophy of this project relies on the belief that people experiencing homelessness have the right to self-determination and should be treated with dignity and respect and as such the housing and services provided depend on the needs and preferences of each household served. The success of this program is evidenced by the housing stability obtained by program participants and the ability to prevent participants returns to homelessness.

Participants are assisted to identify mainstream resources and entitlements benefits for which they are eligible. In addition, referrals are made to community employment services when appropriate and desired. Individualized plans are created with participants based on the HRS standards of care. As partners, the participant and HRS create comprehensive housing plan that includes ongoing budget and financial planning as needed. Participants are encouraged to identify goals and objectives that meet their personal needs to increase their income and ability to live independently and are supported in achieving their goals.

One way we have worked to ensure that all needs are known and have the opportunity to be addressed is through the GRACE network which is a collaboration of community service providers. Through identifying each individual household's Social Determinates of Health (SDoH) we are able to ensure that our HRS staff and participants can work together to tailor a plan that encompasses all of their needs and thereby increase health and wellness.

LOFT participants are asked to complete a confidential survey about their HRS. In 2020-2021 survey results 100% of survey respondents reported that Community Rebuilders helped them to obtain decent, safe and sanitary housing of their choosing. In addition to surveys, focus groups and data analysis is used to validate and improve the work of all Community Rebuilders projects. In one consumers own words; "I am more relaxed! It took a lot a year's off me, being homeless, and I am not homeless anymore. I can get to my doctors' appointments now with transportation assistance from Priority Health."

This includes an effort to identify and address racial inequalities in our community and continually monitor demographics to ensure that we are serving all groups fairly and equitably. In 2020-2021, LOFT served the following demographics: Black/African American: 72%, White: 24%, Multiple races: 4%, Hispanic/Latino: 4%.

While the program closed out at full capacity, LOFT had a utilization rate of 58% due to the expansion grant awarded and LOFT adding 12 households to the existing 11.. These beds were remained while staff worked to fill them with referrals obtained through the coordinated entry process. Due to the COVID-19 health pandemic the 2019 CoC LOFT grant agreement was executed by our HUD field representative on June 19, 2020, nearly 5 months after our project start date. As a result, leasing activities and the subsequent expenditure of leasing funds were delayed, resulting in \$34,407.00 being recaptured by HUD. All other project outcomes, including number of households served, were met by project close-out.

1b. Use the last completed grant year APR for this and all other data/outcome measure questions. If the renewing project has not yet started, indicate the planned number of units.

Please provide project start and end date: 2/1/2020-1/31/2021

Planned Number of Households Served	Actual Number of Households Served	Number of Stayers	Number of Leavers
23	23	25	1

2. Has the project had any significant changes since the last funding approval?

Yes No If "yes", complete the chart below to indicate the change.

Check change type		Previous	New
<input type="checkbox"/>	Decrease in the number of persons served

SECTION I: Project Effectiveness

3. Does the project serve priority populations (Veterans, Chronically Homeless, Families, Youth, Domestic Violence Survivors)? Enter the number of units dedicated or prioritized for each population at turnover.

	Number of Units		
	Dedicated	Dedicated Plus	Prioritized
Veterans			
Chronically Homeless	27		
Families			
Youth			
Domestic Violence			

4. Housing First

a. Does the project ensure that participants are NOT screened out (or denied project entry) due to the following:	
Having too little or not enough income	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Active substance use or history of substance use	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Having a criminal record (other than for state-mandated restrictions)	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
History of victimization (e.g. domestic violence, sexual assault, childhood abuse)	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

b. Does the project ensure that participants are not terminated from the program for the following reasons?	
Failure to participate in supportive services	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Failure to make progress on a service plan	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Loss of income or failure to improve income	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Any other activity not covered in a lease agreement typically found for unassisted persons in the project's geographic area	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

c. In addition to the answers above, does the project follow a "Housing First" Approach? Please describe. (500 word limit)

Community Rebuilders aims to make homelessness rare, brief and nonrecurring. Homelessness is first and foremost a housing crisis and can be addressed through the provision of safe and affordable housing. That is why we use a Housing First approach. We are "consumer ready" - participants do not have to address other problems, such as mental health issues, or complete treatment services prior to being housed. Sobriety and criminal history do not prevent participants from successfully connecting to housing.

Community Rebuilders has been providing housing first services in the community for 15 years. This work has been guided by the belief that people need a safe place of their choosing to live before attending to anything less critical, such as getting a job, budgeting properly, or attending to substance use issues. The Housing First approach views housing as the foundation for life improvement and enables access to permanent housing without prerequisites or conditions beyond those of a typical renter.

We commit to all of the persons we serve, that we shall not;

- 1. Require people experiencing homelessness to address all of their problems, including behavioral health problems, or to graduate through a series of service programs before they can access housing*
- 2. Mandate participation in services either before obtaining housing or in order to retain housing*

Our approach is validated by data and the feedback of our consumers.

Community Rebuilders most recently completed an independent evaluation of Housing First services in March of 2021. 47 households were included in the independent 3rd party evaluation conducted by Public Sector Consultants with support from an Invest Health grant provided through Spectrum Health Healthier Communities.

Overall outcomes indicated that highly vulnerable households were successfully able to obtain the safe and decent housing of their choosing - then connect to critical services in the community that support health, well-being and long-term housing stability.

Demographics for the head of household in the evaluation group.

Black or African American 70%

White 30%

Male 50%

Female 50%

Median Age 51

At entry, 53% of evaluation households had experienced four or more episodes of homelessness and 30% had three or more disabling conditions. In total, 88% of households met the HUD definition of chronic homelessness.

Through the implementation of a Housing First model, program participants were assisted with quickly increasing their income (38%), improving their health and access to healthcare (51%) and improving access to food and transportation (51% and 50% respectively). Across all households served in similar Housing First projects, 97.6% of households remained in their project or exited from their project to stable housing.

Our Housing First approach works because it prioritizes access to safe and affordable housing that is chosen by the service recipient. That choice supports neighborhood and community integration, honors self-determination and ensures every household can identify housing that meets their unique needs.

Housing First is a proven solution to dissolve homelessness. Community Rebuilders is a HUD Best Practice Award recipient, and our approach has served as a model for communities across the country.

5. Supportive Services

Does the project include the following supportive service activities?	
Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
At least annual follow-ups with participants to ensure mainstream benefits are received and renewed?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Do project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Has the staff person providing the technical assistance completed SOAR training in the past 24 months.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

6. Describe how the project aligns with the objectives and goals outlined in the [CoC Compass](#). (500 word limit; not scored.)

Community Rebuilders specializes in providing solutions for ending homelessness and increasing community well-being. We use data to direct and assess our impact, ensuring our projects produce equitable outcomes; including the overall equity of core CoC vitals. We seek perspectives of person with lived experience. We implement practices that foster and strengthen equity. Our programs facilitate access to essential services, reduce destabilization and foster community. This is all while making the rental market accessible and affordable.

Our work is driven by the effort to make homelessness rare, brief, and non-recurring throughout the community. This is made possible through the belief that housing is a basic human right that everyone should have access to without pre-condition. We value sharing openly and transparently the data and outcomes of our projects and services.

7. All recipients of HUD CoC Program funding are required to participate in Coordinated Entry. Did the project take 100% of all referrals from Coordinated Entry (or community process if Category 4 homeless) in the past grant year or will it once the grant year begins? (Verified by HMIS reports)

Yes No

8. Describe the training applicant and sub-applicant staff have undergone or will undergo as well as agency policies or procedures related to diversity, equity, and inclusion as it pertains to service provision. (500 word limit)

Community Rebuilders' success is built on a firm philosophical foundation that relies on the resiliency and strengths of the individuals served and our community. In 2006, we adopted a housing first, strengths-based model of service delivery and created a Housing Resource Specialist certification that has been duplicated across the state and in locations across the country.

The Housing Resource Specialist (HRS) certification is built upon a social justice framework that honors self-determination; equitable partnerships and acknowledgement of historical injustices.

Training is rooted in a strength-based approach from a social justice perspective. This evidenced-based approach includes intersecting sets of practices, including; fostering authentic democratic relationships, exploration of strengths and the power of natural support systems.

Community Rebuilders and sub-grantee staff receive quarterly trainings; including cultural competency. This training helps staff to avoid well-intentioned but alienating behavior and teaches to pay attention to those cues that speak discomfort. Training emphasizes respect and acceptance of our consumers as collaborators determining their outcomes. This model encourages staff to adopt a more dynamic interactive view of culture and communication while paying attention to important cues that could improve the helping process. Training staff how to make this collaboration happen is the cornerstone to creating culturally competent services.

Our monitoring of sub-grantee's includes evaluation of outcomes and metrics on the demographics of households served, ensuring equity in performance measures.

We observe consumer feedback surveys ensure we continually meet or exceed project goals. These project goals are driven by equity in outcomes of program participants served. This includes evaluating key performance indicators such as the rate of positive exits from services based on race and ethnicity.

*Exit rates based on race from all Community Rebuilders projects: January 1, 2019 - June 30, 2021.**

All persons served 94.7%

Non-white (HUD) 95.6%

White (HUD) 92.6%

**HMIS*

We gain wisdom from the experience of the consumers we serve, the community at large, promising and evidenced-based practices, and out of the box ideas that may seem nontraditional but just might work. This makes us a flexible and nimble organization with diverse partnerships and ideas. We believe and have demonstrated that with collaboration and commitment to our core values we can make homelessness rare, brief and nonrecurring.

We are deliberate in considering how actions, programs and policies impact different social groups and understand that effective and meaningful social equity practices are not void of historical and social context.

We engage in ongoing efforts to produce a culture that values social equity. A culture which values issues of equity dedicates resources (human and financial) to develop strategies to implement highly comprehensive approaches for social equity measurement.

We understand that effective and meaningful social equity practices are not void of historical and social context. Considerations of both historical and social contexts offer meaning to measurement data and a clearer picture to evaluate and understand shifts in equity. Ultimately, it is only when equity is experienced by those who are most marginalized, underrepresented or not represented that true social equity is achieved.

9. What was the project’s utilization rate? (Average of Quarterly Point- in-Time Counts in **APR 8b** divided by total contracted units.) 58%

10. Expenditure of Funds: Use last **completed** HUD FY year.

a. Total amount authorized within eLOCCS	390,512
b. Remaining balance in eLOCCS	34,407
c. Percentage recaptured <i>Divide answer b. by answer a. and multiply by 100</i>	8.8%

11. Were drawdowns made to eLOCCS at least quarterly? (Demonstrated in eLOCCS attachment)
 Yes No

HMIS Participation (If the renewing project has not completed a full year, share information from the last completed year of another HUD funded project or similarly designed project through this agency)

12. Indicate how many APR Data Quality Elements (DQE) have 5% or less null or missing values (APR Q06; use data from alternative system if DV program):

Data Quality Element APR 6a.-6d.			
Number of elements with 5% or less null or missing values			
DQE 6a.	DQE 6b.	DQE 6c.	DQE 6d.
6	5	4	3
Total the numbers above, divide by 18, multiply by 100 for a percent: 100%			

HUD Monitoring

13. a. Does the recipient have any HUD monitoring findings in any of the agency’s projects?

Yes No

If yes, explain below findings in detail for the Funding Review Panel. Include details on the nature of the finding, resolution and corrective actions taken, if any.

b. Has your organization been monitored by HUD in the past three (3) years?

Yes No

If yes, include as attachments: Monitoring report from HUD, your organization’s response to any findings, documentation from HUD that finding or concern has been satisfied, and any other relevant documentation.

If no, provide most recent monitoring by an entity other than HUD for federal or state funding (ESG, CDBG, etc.) and include as attachments: Monitoring report, your organization’s response to any findings, documentation from entity that finding or concern has been satisfied, and any other relevant documentation.

Impact on Homelessness

14. Which population(s) does the project serve? *(not scored, taken into consideration in a tie score situation)*

Chronically homeless	<input checked="" type="checkbox"/>	Families	<input checked="" type="checkbox"/>
Veterans	<input type="checkbox"/>	Youth (18-24)	<input type="checkbox"/>
Domestic Violence	<input checked="" type="checkbox"/>		

Scope of Project		Annual Households Served	
Total units	23	Households with at least one adult and one child	1
Total beds	27	Adult households without children	22

Serving High Need Populations *(If the renewing project has not completed a full year, share information from the last completed year of another HUD funded project or similarly designed project through this agency)*

15. What percentage of the households served met “hard to serve” criteria defined as having zero income at start/entry? *(APR 18. Add values for No Income and divide by total in third to last row):*

33%

16. What percentage of the households served met “hard to serve” criteria defined as having two (2) or more physical or mental health conditions known at start/entry *(APR 13.a.2. add totals for two and three or more conditions, then divide by total):*

57%

17. What percentage of the households served were chronically homeless? (APR Q26a. divide total chronically homeless households by total households):

100%

18. What percentage of the households served were families experiencing homelessness? (APR Q8a. divide total households with adults and children by total households):

4%

Section II. Project Performance

Performance Data (If the renewing project has not completed a full year, share information from the last completed year of another HUD funded project or similarly designed project through this agency)

19. Length of Stay (Joint TH/RRH projects – complete either option B or C below)

a. Permanent Supportive Housing: Calculate the percentage of leavers that remained in project more than 180 days (APR 22a.1 add the number of leavers staying 181 days or more and divide by total number of leavers)

100%

b. Rapid Re-Housing: Calculate the percentage of participants that took 60 days or less from project entry to lease up (APR 22c add the number of persons who moved in in 60 days or less and divide by total persons moved into housing)

c. Transitional Housing: Calculate the average length of project stay in days (APR 22b)

20. Exits to Permanent Housing (Joint TH/RRH projects – complete either option B or C below)

a. Permanent Supportive Housing: Calculate the percentage of participants who remained in project, or exited to positive housing destinations. ([Total persons exiting to a positive housing destination [APR 23c.] + total number of stayers [5a.9.]] divided by [total persons served [APR 5a.1] - Total persons whose destinations excluded them from the calculation [APR 23.c.]])

100%

b. Rapid Re-Housing: Calculate the percentage of participants who exited to positive housing destinations (APR 23c)

c. Transitional Housing: Calculate the percentage of participants who exited to positive housing destinations (APR 23c)

21. New or Increased Income and Earned Income

a. PSH Only Project Stayers: What percent of project stayers had new or increased earned income within the project contract year? *APR 19a1 row 1, last column*

0%

b. PSH Only Project Stayers: What percent of project stayers had new or increased other (non-employment) income? *APR 19a1 row 3, last column*

78%

c. Project Leavers: What percent of project leavers had new or increased earned income? *APR 19a2 row 1, last column*

0%

d. Project Leavers: What percent of project leavers had new or increased other (non-employment) income? *APR 19a2 APR 19a1 row 3, last column*

Attachment B

Attachments listed below are required but unscored. Failure to include any documentation that is required may result in disqualification of the application. *Please submit each document as a separate attachment numbered in accordance with the list below.*

All projects must include:

#1: Annual Progress Report (APR) for the project's most recent completed contract year, *or* the most recently completed contract year for another HUD-funded project or similar project if the renewing project has not yet completed a full year. Other structured outcome report for non-HMIS participating agencies are allowed (i.e. domestic violence agencies).

#2: Line of Credit Control System (LOCCS) report showing drawdowns and final balance

#3: Project Application submitted in *e-snaps*

#4: Documentation of all match

Each applicant must include one of the following two (#5):

Monitoring report from US Department of Housing and Urban Development (HUD)

Monitoring report from an entity other than HUD for federal or state funding (ESG, CDBG, etc.)

If relevant include (#6):

A: Organization's response to any findings

B: Documentation from HUD (or other entity) that finding or concern has been satisfied

C: Any other relevant documentation

D: Written communication to HUD requesting the significant change indicated in question 2.

E: HUD's written approval of the change requested in question 2.
